

## *What to bring...*

We want you to be comfortable during your time at the Lodge, without the pressure of a dress code. Practically, there are some items you'll need based on programmed activities: sensible footwear (sneakers, strapped sandals) for the activities at the ranch as well as the river rafting, hiking, biking opportunities at the Lodge. For typical SRL days, bring comfortable clothing with an option to layer (for cool mornings and evenings). Some people like to get dressed up for dinner. For example, ladies may wear a nice blouse or a dress, and gentleman might wear slacks and a polo or dress shirt - again we want you to be comfortable while you are here.
